U.S. Futures Mixed Amid New Middle East Hostilities

U.S. futures are mixed this morning as AI momentum continues battling geopolitical risk.

- Dow Futures: -182 pts (-0.4%) 
- S&P 500 Futures: -0.1% 
- Nasdaq Futures: +0.2% 

Markets are sitting near record territory after another huge run, but overnight action shows traders becoming more selective.

Yesterday's Winners

Another historic session:

- S&P 500: closed at an all-time high for the 9th straight session
- Dow: printed another record close
- Nasdaq: squeezed out another gain

This is now:

 5 consecutive sessions of record closes across major indexes
(longest streak since 2017)

AI Mania Continues

Chip stocks are still carrying this market.

The semiconductor basket exploded:

- PHLX Semiconductor Index: +5.9% yesterday
- Now up 90%+ from March lows

Big story:

- Marvell Technology  continued ripping after comments from Jensen Huang suggesting Marvell could become the next trillion-dollar company.
-

🔥 AI / Tech Watchlist

Strong

- Nvidia
- Marvell Technology
- Broadcom (*earnings after close* 🙄)

Mixed

- Software participation remains weaker than chips
-

🌍 Middle East Update — Tension Returns

Overnight headlines hit sentiment:

- Reports of fresh military exchanges involving U.S. and Iran
- Activity reported around:
 - Iran
 - Bahrain
 - Kuwait

That cooled optimism around a near-term peace framework.

Current market stance:

- Still expecting negotiations
 - Less confidence in immediate resolution
-

Oil / Rates Corner

Oil moved higher again.

Translation:

↑ Oil

- ↑ Inflation concerns
- ↑ Bond yield pressure
- ↓ Pressure on valuations

Things to watch:

- Brent reaction
 - Treasury yields
 - Fed expectations
-

 Today's Economic Calendar

Major Data

-  U.S. Services Activity Report
-  Private Payrolls (May)

These matter because traders want to know:

- Is growth slowing?
 - Is inflation still sticky?
 - Can stocks justify current valuations?
-

 Earnings Watch

After Close:

- Broadcom

This one matters more than usual.

Broadcom results could tell us:

-  AI spending still accelerating
 -  AI spending becoming crowded
 -  Semiconductor momentum cooling
-

 Sector Pulse

● Semiconductors

● AI Infrastructure

● Mega Cap Tech

● Industrials

● Asset Managers

- KKR
- Blackstone
- Ares Management

● Surprise mover:

- GameStop after announcing a \$2B buyback

 What traders are watching today

1. Broadcom earnings
 2. Oil direction
 3. Treasury yields
 4. Any U.S.-Iran headline
 5. Whether chips keep dragging the indexes higher
